

## Letter from Mabel Hubbard Bell to Alexander Graham Bell, May 17, 1918, with transcript

Note from Mrs. Alexander Graham Bell to Dr. Alexander Graham Bell. May 17, 1918.  
Aerial Mail.

Here's to many more aerial messages and may they be more speedy than the first. It's too bad, but still we are trying out this new power and it will serve its purpose in training our men and testing our machines.

Love to you both and don't fail Colonel Carty, the others no real matter, you did your best.

Mabel. May 17, 1918.
